About me

I'm Noora, originally from Ruokolahti, a very small town in the east of Finland. Since then I've lived in Jyväskylä, Vantaa and Helsinki. What I've been up to in the last couple of years has been doing my internship in Amsterdam, taking a design course in Belgium, graduating from Metropolia, starting my own business and backpacking in Indonesia - to name a few. I'm passionate about my work and always strive for perfection. I hope that for me the future holds loads of traveling, new places and really getting the chance to develop as a designer.
